### Music Together

Music Together is a music and movement approach to early childhood music development for infants, toddlers, and their parents and other primary caregivers. Originally offered to the public in 1987, it pioneered the concept of a research-based, developmentally appropriate early childhood music curriculum that strongly emphasizes and facilitates adult movement.

The Music Together approach develops every child's birthright of basic music competence by encouraging the actual experiencing of music rather than the learning of concepts or information about music.

We are excited to be offering the 8-week course free of charge to our Early Steps Families. Due to limited availability, in order to qualify for the program, we require a full commitment of participation and a signed agreement. All curriculum materials (songbook & CD) and musical instruments will be provided.
